As we approach the summer months, we want to remind everyone about the noise ordinance as it relates to outdoor parties and celebrations.

Outdoor music must be turned off no later than 11:00PM. This includes music as well as noise created by group gatherings. Please be courteous and do not require our police officers to have to divert their attention from other matters in order to remind you of this rule.

Gas Leaf Blowers may not be used June 1st through September 15th. It is important that if your lawn maintenance provider is not aware of this rule that you make them aware as the fine is significant. The purpose of this regulation is not to punish gardeners but to allow our residents to enjoy the outdoors of our beautiful community without the constant noise and air pollution that are generated by these commercial leaf blowers. Many people continue to work at home, so this is an important issue.

Any and all landscaping and construction is prohibited on Saturdays & Sundays, unless prior permission has been given.
